

Mahalo for your hard work and everything you do to stay in business. We are small business owners and individuals who appreciate what it takes to serve our community. We are here to support you and your business.

We are inviting you to review this package with information about proposed 'Vaccine and Mask Mandates' here in this county. The vaccine mandates are being implemented at the State level and may yet be introduced by our County also. Many in our community care enough for freedom whether vaccinated or unvaccinated, we don't believe it is right to discriminate and see all as equal.

The good news is that worldwide, there are millions showing up to push back against this violation to our constitutional rights. We stand with them and we stand with you to defend our freedoms.

We are here to offer support to you as a business if you decide you will keep your doors open to customers regardless of their vaccine or mask status. We invite you to do more research about how to empower yourself and protect your customers and your family from what we believe to be a very dangerous overreach of government.

We are happy to share resources to help us all to defend our freedom at this time. Your freedoms are protected by the State and Federal Constitutions & by International Law (Nuremberg Code). We invite you to review for yourself how any declared 'Vaccine and Mask Mandates' are in violation of our laws. Also if you want more information then consider attending classes or meetings:

- Private Membership Association (PMAs)
Learn how to create an effective legal shield for your business and preserve your customer's rights to privacy and autonomy.
- Affidavits. Learn about a powerful legal remedy against inappropriate government overreach
- Tuesday Community Information Meeting 6 - 8pm at Central Christian Church : Education and Networking

There are businesses who have already said 'NO' to mandates and are successfully serving customers. We want to help you find resources that will support you if you decide to do the same. We include for your review legal resources for business owners & signage you could choose to display in your window . Again we thank you for your service in our community. Please call **808.315.1820** if you have any questions or you are seeking more information.

Much Aloha, and Mahalo for your time and attention. We will follow up with you to see how we may support you after you have had a chance to review this information.
